

I am not in agreement with this campaign K-Love serves my local community in a great way. They are the only radio station that offers this type of music. The effect on my local community would be great. They offer a service in my area that has no other radio station offers - contemporary Christian music. If it were to be displaced by an LPFM broadcaster providing other programming we would be back again to no options. This offer alternative music where most music is offensive and certainly isn't family friendly. I believe that K-Love offers a valuable service and is in the best interest of the public to ensure that K-love continues to have a positive and encouraging impact on communities all across America.
